To measure the speed of a moving target:

1. Press and hold the 'Mode' button until the display shows 'Normal'.
2. Aim the sensor at the target and release the 'Mode' button.
3. The display will show the speed of the target.

To change modes:

1. Press the 'Mode' button to cycle through the available modes.
2. The display will indicate the current mode.
3. Continue to press the 'Mode' button to cycle through the modes until the desired mode is selected.

Operation modes:

- **Normal Mode**: The default mode, no manual input is required.
- **Manual Mode**: Allows manual input of target distance and speed.
- **Auto Mode**: Automatically measures target speed and distance.
- **Custom Mode**: Allows manual input of target distance and speed.

Power Source:

- **Battery**: Standard AAA batteries.

Specifications:

- **Display**: Digital readout.
- **Accuracy**: ±1%.
- **Measurement Range**: 0.1 to 999.9 yards.
- **Resolution**: 0.1 yard.
- **Power Source**: 3 AAA batteries.

Introduction

Simmons Verage Master 801445 Operating Instructions
FOCUSED LASER PRINTING

FCC Part 15

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4. Consult the dealer or an experienced radio/TV technician for help.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Caution: To prevent electric shock, match wide blade of plug to wide slot, fully insert.

WARNING: Laser radiation when open. Avoid direct exposure to laser beam.

This appliance contains a digital printing device. It is important to take some precautionary measures to ensure safe operation. Please read the following instructions carefully:

1. Do not attempt to remove the cover.
2. Do not expose the appliance to rain or moisture.

Additional safety measures and warnings should be observed:

- Do not attempt to perform any maintenance or repairs on the appliance yourself.
- Do not attempt to disassemble or modify the appliance.
- Do not attempt to remove any covers or panels.
- Do not attempt to access any internal components.

Always refer to the user manual for detailed instructions and safety guidelines.

Specifications:

- Class 1 Laser Product
- Power consumption: 600 W
- Weight: 12.5 kg
- Dimensions: 1600 x 1000 mm
- Interface: USB, Ethernet

Product Information:

- Model: XXXXXX
- Color: BLACK
- Type: A3
- Sheet size: 297 x 420 mm

Warranty:

The warranty period for this product is 1 year from the date of purchase. During this period, any defects or malfunctions that occur due to defects in materials or workmanship will be repaired free of charge. The warranty does not cover damage caused by misuse, accident, or improper installation. The warranty is void if the product is altered or modified in any way.

For more information or to obtain warranty service, please contact your local authorized dealer or distributor.

If you have any questions or concerns, please contact our customer service department at 1-800-123-4567.

Thank you for choosing our product. We hope you enjoy your new printing device!
